THANK YOU!

"Recently my four-year old son was a patient in the emergency room. He was not at all happy about being there. Upon our arrival, however, and before we even began the registration process, a nurse handed my son a teddy bear. From this point, the visit didn't seem like such a bad idea and he cooperated without shedding a tear. We are extremely appreciative that the generosity of others made a huge impact on our son."

-A grateful mom
