

## Level III

Neonatal Intensive Care Unit  
In other words, we are very specialized  
and **well prepared for preemies**,  
and we love our job.

# 95

licensed pediatric beds.  
That's a **lot**.

## We are Pediatric specialists

in the areas of:  
cardiac surgery,  
oncology,  
endocrinology & diabetes,  
gastroenterology,  
genetics,  
neonatology,  
nephrology,  
epileptology,  
neurosurgery,  
urology,  
rheumatology,  
pulmonology,  
and infectious disease.

# Over 50,000

patient visits annually. Yep.

## Between 7 and 8 Babies

are **born each day** at BBCH.  
That's a few thousand each year.

The Barbara Bush Children's  
Hospital **East Tower** is home  
to **The Family Birth Center**,  
which was completed in 2008.

## There are 100

birthing suites.

### Neonatal Intensive Care Unit (NICU):

# 80%

of **Maine infants** with low  
birth weight are born at The  
Barbara Bush Children's  
Hospital or transferred to  
the children's hospital within  
hours of birth.

# 51

 beds in **NICU** with private  
rooms. Each incubator is  
**state of the art**.

# 875

infants cared for in **NICU**  
**each year**. That's **36** every day.

*Approximately*

# 10

children will receive an **organ transplant** at  
The Barbara Bush Children's Hospital this year.

BBCH is a proud member of  
Children's Miracle Network  
Hospitals (CMN Hospitals),  
a network of **170** children's  
hospitals across the United  
States and Canada.

# 400

children are transported annually  
by **Angel 1**, our specialized  
neonatal transport ambulance.

## Tufts University School of Medicine

is our affiliated **teaching** hospital.  
That's a big deal.

## We Participate

in a number of national research collaboratives  
including the **Cystic Fibrosis Foundation**,  
the **National Institutes of Health's National Children's  
Study**, the **Children's Oncology Group**, **TrialNet**, **High  
Value Healthcare Collaborative**, and the **Vermont Oxford  
Network**. That's a big part of why we are who we are.

### Non-medical care & support provided:

- Music therapy
